PROFESSIONAL TRAINING AND MENTORING
FOR 'REPAIR NOT REPLACE' IN BODYSHOPS

A training and mentoring programme for bodyshops, to encourage the use of the 'Repair NOT Replace' mentality. This programme involves everybody in the decision making process of body repairs - from the Estimator and Bodyshop Manager though to the Panel beaters and Fitters. The resulting culture meaning more repair work and less replacement parts, thus greater profit for the bodyshop.

TRAINING PROGRAMME

DURATION	2 days
INTENDED FOR	Bodyshop owners, Bodyshop Managers, Estimator, Fitters and Panel Beaters. Maximum of 2 Estimators, 2 Managers and 4 Technicians.
OBJECTIVES	To train and mentor the advantages of repairing vehicles rather than replacing panels, thus reducing parts/labour ratios, increasing labour sold and reducing average repair costs. Theory and practical involvement and full participation by all personnel will be required to ensure the overall success of this course.
CONTENT	<ol style="list-style-type: none">1) Introduce concept of 'Repair or Replace' and its impact on the environment.2) Establish current parts/labour ratios.3) Introduce Flatliner theory.4) Practical demonstration with Flatliner in the workshop.5) Introduce Plastic Rep kit.6) Demonstration of Plastic Rep, including cold cure resin repair and hot plastic welding.7) 'Walk the bodyshop and car park' to carry out survey on damaged cars as to 'Repair or Replace'.8) Questions and answer session.
